We refer to your correspondence of June 21, 1999 comprising:

1. Notice of Incomplete Reply
2. Notice of Incomplete Application

The first document refers to a reply to a Notice to File Missing Parts dated April 27, 1999. As far as the undersigned can ascertain, no Notice to file Missing Parts has been received on this application and hence there has been no reply.

Applicants have submitted a Petition Under 37 CFR 1.48 to Correct Inventorship sent by courier on April 22, 1999 to the U.S. Patent Office and perhaps it is to this document that you refer. Since no Notice to File Missing Parts has been received, it is logical that applicant may not have provided all the necessary parts which such a response would require.

Both the Notice of Incomplete Reply and Notice of Incomplete Application refer to the specification as lacking claims. The specification as forwarded to our Arlington associate for filing included claims 1 to 38 on pages 29 to 34 of the specification, according to our file copy.

In response to these Notices, submitted herewith are:

1. Copy of claims on pages 29 to 34 of the specification,
2. Cheque in the amount of the Surcharge Fee,
3. Copy of each Notice.

The Notice of Incomplete Application refers to a response being required within two months of the date of that Notice and is presumed to be the governing date, even though the Notice of Incomplete Reply indicates that the period for reply remains as set forth in the Notice to File Missing Parts.

Yours very truly,

M.I. Stewart
